# CHIC

The Charlottenburg Innovation Centre (CHIC) is operated by WISTA Management GmbH and is part of the Berlin Campus Berlin Charlottenburg, a “Zukunftsort”, which is what we call the city’s places generating future innovation, and one of largest inner-city university areas in Europe. With a focus on ICT, the creative economy, the arts, traffic, and mobility, Campus Charlottenburg is an important location for innovative synergies between research and industry.

**TECHNOLOGY FIELDS**

Aerospace	Creative economy
Energy and clean tech	Media
Healthcare industry	Digital industry

**LOCATION ADVANTAGES**

**(1) Right in the middle of the German capital’s creative hot spot**

CHIC is the ideal place for founders seeking to cooperate with universities, other companies, and cultural institutions in Berlin’s City West.

**(2) A smart neighbourhood**

Technical University Berlin (TU) and the University of the Arts Berlin (UdK) are both in direct vicinity to CHIC as well as other research facilities: Fraunhofer FOKUS, Fraunhofer IPK, Heinrich Hertz Institute, the DFG research centre MATHEON, and PTB, the German national metrology institute.

**(3) Ideal conditions for founders**

In addition to flexible rent terms and seamless on-site support, the Innovation Centre offers a range of services: all companies have meeting rooms, kitchenettes, server rooms, and a reception desk at their disposal.
