

INSTRUCTIONS FOR THE AI TRANSLATION TOOL

HERZLICH WILLKOMMEN

BIENVENIDOS
欢迎光临
WELCOME ...

Dear participants,

We are delighted to offer you the opportunity to follow the keynote speeches and panel discussion in your preferred language using an AI translation tool.

On the day, please bring a fully charged smartphone that is in working order, as well as your own headphones.

After scanning a **QR code**, your web browser will open (all major browsers are supported), where you can select your preferred language for audio and text from over 60 options.

If anything isn't working, our technical team will be happy to help!

We look forward to seeing you at the Diversity Conference.

Best regards,
Your Diversity Conference Adlershof Team
