CleanTech Business Park Marzahn

At 90 hectares, CleanTech Business Park Berlin-Marzahn (CBP) is the largest connected area for manufacturing in Berlin. WISTA Management GmbH develops and markets the CBP sites together with its subsidiary WISTA.Plan GmbH.

CBP offers ideal conditions for future-oriented companies in clean technologies and sustainable products that are looking for a place to grow. Small and medium-sized companies can also benefit from the expertise, the network, and the competencies of CBP.

TECHNOLOGY FIELDS

Environmentally friendly energy

Sustainable mobility

Sustainable water resources management

Raw materials and material efficiency

Green chemistry

Circular economy

LOCATION ADVANTAGES

(1) Space for growth: CleanTech Business Park provides companies with tailored solutions and individual floor space sizes — for young clean tech companies and for established industrial companies alike.

(2) Best conditions:

As an industrial area close to the city centre, CleanTech Business Park makes possible any industrial process for companies — particularly those subject to federal emissions regulation.

(3) Smart neighbourhood:

In the immediate vicinity you will find technology and world market leaders in the future-oriented CleanTech Marzahn.

(4) Convenient transportation: The district Marzahn-Hellersdorf is ideally integrated into the city's transportation network — BER Airport, the motorway access, and the central station are a less-than-30-minute drive away.

How to get here

Car B 158, B 1, B 5A, A 114 und A 11

S-Bahn S7 Mehrower Allee, S7 Raoul-Wallenberg-Str., S75 Gehrenseestraße
