

Our funding opportunities

Efficient and tailored to your project

WISTA's start-up centres and innovation projects in Berlin offer not only room to grow for young companies but also tailor-made services in a network geared towards business development. Here is an initial overview of all our relevant funding opportunities.

ADLERSHOF FOUNDER'S LAB (GRÜNDUNGSWERKSTATT- GWA)

www.wista.de/en/founders-lab

Do you have an idea that you want to develop with a team? We offer an opportunity for one-year funding at the Adlershof Founder's Lab to take your idea to the next level. The AFL is funded as part of Berlin's "Startup Incubator" with funds from the European Union (European Social Fund) and the State of Berlin. In addition to financial support, our funding teams receive access to workshops and coaching on business founding topics.

WISTA-COWORKING-SPACE

www.adlershof.de/en/coworking/

Are you looking for a flexible workplace that is also a platform for creating contacts and cooperation? We have 550 square metres of space for prospective business founders, students, project groups from research institutes, and companies. The immediate vicinity to Adlershof's network of science, research, and industry creates a unique climate for innovation. Workplaces are let out on a monthly or per-day basis at attractive rates. Work in a creative space, not an open-plan office.
